

Name: \_\_\_\_\_ Date: \_\_\_\_\_ #: \_\_\_\_\_

TEK 5C Worksheet:

Directions: Use the word bank at the bottom of the page to fill in the blanks. Some words are listed in the bank twice, use them, there are no extra words.

The chemical properties of a(n) \_\_\_\_\_ are determined by the outermost electrons, or the \_\_\_\_\_ electrons. On the \_\_\_\_\_ table, a \_\_\_\_\_ is represented by a \_\_\_\_\_. The number of \_\_\_\_\_ an atom has determines the \_\_\_\_\_ it is in. A \_\_\_\_\_ is represented by a vertical \_\_\_\_\_. The number of valence \_\_\_\_\_ in the last \_\_\_\_\_ determine the \_\_\_\_\_ the atom is in.
